

GUARD UNIFORM WASHING INSTRUCTIONS

First time wash - soak the garment in salt water (1/4 to 1/2 cup per wash load depending on the load's size) for 15 minutes. This is to set the color. Lay flat to dry.

General Washing Instructions:

1. Pretreat any stains. Use Spray and Wash or Shout. **DO NOT** use fabric softener or bleach.
2. **Always hand wash** in cold water and lay flat to dry. **DO NOT** use machine as sequins may fall off.
3. **DO NOT** pull loose threads or sequins from sequined fabrics. The entire row of sequins could come loose. Sew loose threads and sequins to the backing.
4. Once the uniform is air dry, hang the uniform on the hanger, hanging from the shoulders and NOT folded over on the hanger. The black side should be on the right with the hanger label facing front. (Remember to match the garment with the hanger/bag.)

Once completely dry, return the uniform to the tall rack in the band uniform room or Guard room. Take the uniform out of the green bag, but leave hanging behind the uniform.

These instructions come from FJ Miller Company due to the delicate materials of the uniform. If you have any questions, please call Lisa Kraatz at 336-8377 or Gloria Bleasdale at 234-0592.

Thank you!!
