Moeller Music will be on site through the competition to provide limited emergency instrument repair and some loaner instruments. They will be set up in the tunnel under the main spectator side stadium.

Entrance & Exit from the Field: - see map

The front sideline and all props will enter the stadium from the truck parking lot in through the main gates and stage on the south end of the track. The rest of the band will come in through the entrance by the Visitor's concession stand. Due to a 71" gate, we are requesting all bands to follow this alternate route so as to prevent any problems in getting through the gate. A band watering station will be setup at this location. A starter will meet you and escort you to your starting position. You should not enter the field of competition until instructed to do so by the timing judge on the field. All bands will exit through the main gate by the Home concession stand.

Hand Stamping:

Before band members disembark from the bus they must have their hand stamped to allow entrance into the stadium if they are out of uniform.

Chaperones are considered those adult helpers who ride the bus, and will receive a hand stamp for free admission.

Hospitality Room:

A hospitality room with hot and cold food and drinks will be open from 12:30 p.m. until 8:00 p.m. Coffee and dessert will be available until 9:00 p.m. The hospitality room is located in the Arena lobby just off the truck parking lot, though will be restricted to band staff with appropriate identification & Hospitality Pass provided in the director's packet, judges, and event sponsors.

Bus/truck drivers have access to a separate hospitality room with hot and cold food and drinks, as well as reading materials and cards. It is located down the side of the Mason Middle school, under the scoreboard along the fence, on your left. Look for the sign on the door. Hospitality passes will be provided for bus/truck drivers.

Inclement Weather Plan:

In the case of inclement weather, the contest will become a standstill show for each band. Following the same time schedules, each band will perform on the track in front of the spectator's seating area or possibly in the main arena at the Mason Middle School at their designated performance times.

Judges Critique:

There will be a post competition Judges Critique, by request only, held in the band room at the Mason Middle School. This is located down the side of the school under the scoreboard, along the fence, to the last set of double glass doors on your left, just before the ramp. Band staff will be allowed 5 minutes with judges for: music, visual, general effect, percussion and auxiliary. This will be timed and slots designated in performance order. If a band staff misses their appointed time, they will have to wait until the end. Judges critique will begin immediately following the Awards presentation.

Parking:

Spectator parking: Is plentiful but will be restricted to the Mason High School and Mason Intermediate Campus lots. (The Mason Intermediate campus is located across the street from the Mason Middle School on Mason-Montgomery Road.) All general admission parking is free.

Band staff parking: For band staffs who do not ride the bus, parking has been set aside directly across the street from the truck parking lot at Heritage Presbyterian Church.

Equipment vehicles parking: Based on the number of vehicles submitted on your application, they will park in the east lot directly behind Mason Middle School as indicated on the map. For a smooth flow of traffic, there is a specific entrance and exit with the entrance being at the traffic light on Tylersville Road. Boosters will be available to help direct bands to the appropriate parking lots. Every effort will be made to provide parking space for buses next to their equipment vehicles, although this is not a guarantee. We also request that bands not arrive more than two hours prior to performance time in order to eliminate any parking conflicts with other events that are using the parking facility earlier in the afternoon.

Handicap Parking: Handicap parking is across the street from the Atrium Medical Building, which is located at the north end of the stadium. There is wheelchair access to the stands from behind the stadium that avoids all stairs. There is a special wheelchair designated area.

Bus & Truck Security: Please assign a bus driver or other responsible adult to watch over your buses and equipment during your stay. We are unable to provide security for each participating school.

Props:

Props must enter the stadium through the entrance designated on the map (Pit entrance). Props will not be allowed to enter with the band due to a restrictive 71" wide gate. Props and front sideline will enter through the same gate.

Warm-up Areas:

All other band members will warm up in designated sections **A, B, C** areas located at the front of the school. Each band will be allotted 45 (forty-five) minutes in the warm-up area. Please make sure your band is completely out of the area by the time your 45 (forty-five) minutes is over so that the next band will be able to enter the warm-up area on time. Your band host will lead you to your assigned warm-up area and help you move from the warm-up area to the field entrance. You will be given a 5-minute warning and a 1-minute warning before your time in the warm up area is over. As you prepare for warm-up, please keep in mind that other bands will need to transit around your band during your warm-up. The supervisors in this area will assist you with leaving a path so that other bands may transit around you without interrupting your warm-up. Your cooperation with this process is greatly appreciated.

An outdoor water spigot is available to fill up water jugs for your band. It is located along the track side of the Mason Middle School by the large scoreboard.
